

HYECOUNT

Help ensure a complete count of the Armenian-American Community in the 2020 Census to secure vital funding for community services

ARMENIAN 

On Question 9 of the Census form, be sure to write 'Armenian' as your race/origin to ensure a complete count of the Armenian-American community

\$700 Billion

The Census determines how over \$700 billion in Federal funding is allocated each year. Identifying as 'Armenian' will ensure funding for services in your community

A complete count means more federal funding for schools, hospitals, aged care facilities, and Section 8 housing in Armenian American communities

Census forms will be distributed throughout March, and will also be available to complete online or by phone

HyeCount staff will be available to assist with inquiries

HYECOUNT

The Census will determine how billions of dollars in federal funding is spent to support senior services each year:

Senior Care

- Medi-Cal funded assisted living, in-home elderly care, adult daycare and nursing services addressing the needs of the Armenian American community

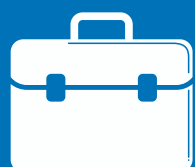

Health Insurance

- Medicare Part A and Part B, covering health insurance for people over the age 65 regardless of income

Housing

- Section 8 low income housing assistance, funding for senior centres and nursing home services

Employment

- Job-training and employment support through the Senior Community Service Employment Program

On Question 9 of the Census form, be sure to write 'Armenian' as your race/origin to ensure a complete count of the Armenian-American community

Census forms will be distributed throughout March, and will also be available to complete online or by phone

HYECOUNT

The Census will determine how billions of dollars in federal funding is spent to support students and teachers each year:

Student Support

- Enrollment services and financial support to immigrant students
- Grants to support low-income students
- School lunch program funding

Language Programs

- Census data will determine how much funding is allocated to bilingual school programs, including Armenian language programs

Teachers

- Supporting teacher training and classroom resources, improving the quality of education in Armenian American communities

College Students

- Federal student loans, research grants, college campus funding, campus improvements, health and social services

On Question 9 of the Census form, be sure to write 'Armenian' as your race/origin to ensure a complete count of the Armenian-American community

Census forms will be distributed throughout March, and will also be available to complete online or by phone

HYECOUNT

The Census will determine how billions of dollars in federal funding is spent to support healthcare each year:

Hospitals and Clinics

- Determines funding for new hospitals and clinics, and how new and existing institutions spend funding

Health Programs

- Allocates funding for federal healthcare programs including Medicare, Medicaid, the Children's Health Insurance Program (CHIP), and state health plans

Disabled Services

- Census data will be used to determine funding for disability services

Prescription Medication

- Census data impacts funding for Medicare Part D prescription drug subsidies and the Federal Drug Pricing program

On Question 9 of the Census form, be sure to write 'Armenian' as your race/origin to ensure a complete count of the Armenian-American community

Census forms will be distributed throughout March, and will also be available to complete online or by phone
