

**JESSICA VEGA
PEDERSON**
FOR MULTNOMAH COUNTY CHAIR

Progressive leadership. Real results.

Jessica ran for office ten years ago as a young mom driven by a desire to make sure all people, no matter their zip code, have access to connected sidewalks, safe housing, and educational opportunity. She became the first Latina to serve in the Oregon State House, and serves as a Multnomah County Commissioner, where she's brought people together to deliver on the issues that matter most, including:

Leading the effort to pass Preschool for All, giving every 3- and 4-year-old access to quality, early education in Multnomah County, strengthening opportunity and success for all families.

Successfully fighting for green solutions to combat our climate crisis, including **championing Oregon's groundbreaking Coal to Clean law** that got rid of dirty coal to transition to clean energy.

Building a strong record of fighting to protect and expand reproductive health care in Oregon, from access to abortion to low cost birth control. And Jessica is the **only candidate in the race endorsed by Pro-Choice Oregon.**

VOTE BY MAY 17.
