

# POWERED ON DIMES™

Powered on Dimes is where content creators do what they do best while supporting March of Dimes to make a big difference for moms and babies.

What's the power of dimes? People. March of Dimes began by asking the public for dimes, which led to the polio vaccine. With the dimes you raise, we can continue our incredible work in maternal and Infant health research, advocacy, education and training for health care professionals on latest practices to help end preterm birth and maternal and infant death. Your help supports families throughout their pregnancies so they can be healthy and strong today and every day.
