## About the Tillman Scholars Program

The Tillman Scholars program supports our nation's active-duty service members, veterans, and military spouses by investing in academic scholarships, connecting them to a national network and providing professional development opportunities. The program covers direct study-related expenses including tuition and fees, living expenses, and books for scholars pursuing undergraduate, graduate, or professional degrees as a full-time student at a public or private, U.S.-based, accredited institution.

Tillman Scholars must demonstrate extraordinary academic and leadership potential, a track record of perseverance, and a deep desire to impact change in our country and communities through their studies in medicine, law, business, policy, technology, education and the arts. The Pat Tillman Foundation has invested more than \$24 million in academic support since 2004, and has named more than 800 Tillman Scholars at more than 160 academic institutions nationwide.
